Good afternoon Morgan,

Thank you very much for providing these.

I can confirm we have receipt of sixteen consent forms, and you have made available fifteen full transcripts from your discussions with all but one participant who did not give permission for their transcript to be shared.

You are very welcome to include a copy of this email in the Annexes of your thesis.

Best wishes,  
Matt

I work a flexible working pattern so may send emails out of 'normal' working hours. Please be assured that I do not expect a response outside of your own working hours.
